4. Experience installing/configuring Aruba and Palo Alto wired, and wireless networking equipment **preferred**.
5. Experience administering Avaya IP Office telecommunication systems **preferred**.
6. Experience with VMware networking, vCenter and Horizon infrastructure **preferred**.

Job Functions:

The Network/Systems Analyst is responsible for the implementation, configuration and maintenance of the physical and virtual network infrastructure as well as the provisioning and maintenance of a VoIP platform. Will also assist in the design, installation, and administration of all aspects campus networks including servers, applications, telephony/videoconferencing equipment and LAN/WAN systems.

1. Install and configure various systems and applications, updating as necessary, and keep running properly on a day-to-day basis.
2. Assist in the management of users and user accounts in both the local AD and cloud AAD identity stores, including maintaining and creating user accounts, security of user accounts, and responding to user request, questions and problems.
3. Assist with performing regular system backups. Assist with the design, maintenance and implementation of a business continuity plan.
4. Ensure all systems and networks are secure, and valuable or sensitive data are protected from undesired access. Work with ACCS network security personnel as needed.
5. Assist with LAN administrative, WAN connectivity, SAN infrastructure and the virtualization environment. Maintain records of equipment and oversee campus network ensuring future growth and expandability.
6. Assist with maintenance and configuration of email and other services through Office/Microsoft 365 and related applications.
7. Monitor and maintain Internet connectivity and Internet activity. Monitor network traffic recommending solutions for bottlenecks occurring from growth.
8. Monitor and maintain TCP/IP transport, DHCP Services, Active Directory and DNS.
9. Monitor and maintain connections to ensure proper operation and connectivity to remote networks.
10. Install and configure Firewall & VPN system for the campus access to the Internet and intranet respectively. Assist in planning for security updates to these systems.
11. Install and configure required applications, updating as necessary, and keep running properly on a day-to-day basis.
12. Assist with the installation and configuration of telephone equipment, updating as necessary, and keep running on a day to day basis.
13. Oversee and maintain voicemail system including but not limited to adding/deleting accounts, modifying programming and setting up voice menus.
14. Assist in development of bid specifications for the Campus Networks, Telecommunications and all related equipment.
15. Design and create reports as needed by the Administrative staff.
16. Assist department management in developing policies and procedures for the technical support staff, monitor their work orders and help design their implementations.
17. Other related duties as assigned.

Salary: \$68,000.00 through \$74,000.00 based on ACCS Board of Trustees Salary Schedule C-3 and experience.

Application Deadline: 4:30 p.m., April 16, 2021

Application Procedure: A **complete** application packet consists of:

1. A completed Jefferson State Community College application specific to this position.
2. Current resume.
3. Transcripts (unofficial copies will be accepted before the deadline, but official transcripts must be on file before an offer of employment). Transcripts must include **conferred or awarded date**.
4. Work experience verification **in writing** from your current and/or previous employer(s) confirming the required level of experience as stated in the "Minimum Qualifications" section. Verification should include dates of employment and position title(s). Upon request from the applicant, work experience verification from **current employer only** may be delayed until an official offer of employment. Request must be made in the form of a statement on a separate document. If applicant delays verification from current employer and it does not cover required level of experience as stated in the "Minimum Qualifications" section, verification from previous employer(s) is required.
