Ready-to-Work and MSSC training is provided by the Alabama STRONG project, a \$3.5 million workforce initiative equally funded by the Alabama Community College System and the Appalachian Regional Commission

GET CERTIFIED

WHAT IS THE **MSSC** CERTIFICATE PROGRAM?

The Manufacturing Skill Standards Council (**MSSC**) is the nation's leading industry-led training, assessment, and certification organization focused on the core technical competencies needed by the nation's front-line production and material handling workers.

Certified Production Technician

The Certified Production Technician (**CPT**) program addresses the core technical competencies of higher production workers in all sectors of manufacturing. Certificates are awarded in:

- **Safety**
- **Quality**
- **Manufacturing Processes and Production**
- **Maintenance Awareness**

Certified Logistics Technician

The Certified Logistics Technician (**CLT**) program addresses the core technical competencies of higher skilled, front-line material handling workers in all supply chain facilities: in factories, warehouses, distribution centers, and transportation companies. Certificates are awarded in:

- **Foundational-Level Certified Logistics Associate (CLA) ® Certificate**
- **Mid-Level Technical CLT Certification (CLT)**

Before sitting for the **CLT** assessment, candidates must have a **CLA** Certificate.

WHAT IS THE **READY TO WORK** PROGRAM?

Alabama's Ready to Work program provides a career pathway for individuals with limited employment experience. Ready to Work's workplace environment provides trainees the entry-level skills required for employment with most businesses and industries in Alabama.

The Ready to Work curriculum consists of 6 training modules. Certificates awarded are:

- **National Career Readiness Certificate** – issued by **ACT**
 - **Alabama Certified Work Certificate** – issued by **AIDT**
-
