Pneumatics - Robotic Welding - Industrial Mainte-
nance Technology - 3D Printing

Prepare For
Your Future
Today!

Supported in part by a grant from the National Science
Foundation/Advanced Technology Education Program
Manufacturing & Technology

The Right Choice For You!

Jefferson State’s Manufacturing Technology Program prepares students for employment in industries such as industrial equipment maintenance, automation, robotics, biomedical equipment technology, industrial and commercial electronics, and computer aided drafting/design (CADD).

Students get the hands-on training needed to excel in today's job market. A variety of student options are available, such as:

- Certificate Programs
- Associate Degree Programs
- Dual Enrollment/Dual Credit
- Early College Enrollment Program
- Transfer Option to JSU’s BS Program
- High School Credits per State Policy

Jefferson State can prepare you for an exciting career in technology and manufacturing.

Income
