

How to: Use Tegrity on your iOS devices

Tegrity allows you to view your instructor's lectures on your iOS devices.

Download the Tegrity app

- 1. Open the App Store on your iOS device
- 2. Search for Tegrity
- 3. Tap on the GET button
- 4. Open the Tegrity app

Home Updates Support

When you open the **Tegrity Mobile** app for the first time, you will be asked for a **connection code**. Follow the steps shown within the app or below:

- 1. Log in to Tegrity like you normally do using a web browser and click on **My Account** (upper-right corner)
- 2. Click Generate Code

MISHI2301 30622 Management Information Systems SEC 03 Recordings View = Course Yeaks = Record	ating Tasks == 0		Mobile Generate a constitution to connect the Theory As	ode and use it p of year phone.

Gallaugher Chapter 12 PW A Manager s Guide to the Internet Part 2 impt: 01015 Intended by UX Inductor	10/6/2011	°.		

Generating a connection code

Note: The Connection Code expires once it is used to connect a device or after 24 hours so it cannot be shared and no one else can connect to your account. If you have multiple devices, you will need to generate new codes for each device.

Using the Tegrity Mobile App

Switch Courses

Tap on the current course title in the upper-left corner to bring up all of the courses that you have access to. Tap on the course that you would like to view.

Search

Tap on the magnifying glass icon in the upper-right corner to search your course for specific keywords

Record

Tap on the camera icon in the bottom-right corner to upload or record a video.

Offline Playback

Tap the download button in the bottom-right corner of each recording to enable offline playback for tha recording.
