

Honorlock is an online proctoring service that is used for online exams in Blackboard through the Google Chrome browser extension.

You **DO NOT** need to create an account, download software or schedule an appointment in advance.

Honorlock is available 24/7 and all that is needed is a computer, a working webcam, and a stable Internet connection.

To get started, you will need Google Chrome and to download the Honorlock Chrome Extension. You can download the extension at www.honorlock.com/extension/install.

Log in through myJSCC and access Blackboard Courses to take online test,

Clicking **Launch Proctoring** will begin the Honorlock authentication process, where you will take a picture of yourself, show your ID, and complete a scan of your room.

Honorlock will be recording your exam session by webcam as well as recording your screen. Honorlock also has an integrity algorithm that can detect search-engine use, so please do not attempt to search for answers, even if it's on a secondary device.

Note: The Honorlock extension does not track any activity or record any data unless student is taking an exam requiring Honorlock Chrome Extension.

Honorlock support is available 24/7/365.

Contact Honorlock for live chat, phone (**844-243-2500**), and/or email (support@honorlock.com).
