

University of Montevallo – Dining Services

Positions available for Spring semester which starts January 11th

PM cook position open –

Monday-Friday from 1pm-9pm preparing the hot buffet line items for roughly 350 students -simple food, a couple of entrées with a starch and 2 vegetables.

Pay range would be \$13-\$15/hr to start out and it has benefits and upward career possibilities plus a good foot in the door with Compass Group which opens employees up to all umbrellas (Chartwells, Morrisons, Eurest, Touchpoint, etc). Any interested person needs to apply online at <http://compassgroupcareers.com> and the job requisition # is 429170 or they can simply search by zip code 35115.

Other positions open with less skill and responsibility but those come with lower wages, usually \$10/hr and up depending on the position (grill cook, pizza, exhibition cooking station, salad bar, etc). Those positions would work a combination of evening and weekend shifts so they would be good for a student that's still learning. Evenings on those positions would be 3pm-9pm and then the weekend shifts are 9am-8pm but on weekends we only serve about 200 students all day.

Staff are behind plexi barriers and in masks. We've reduced seating by 65% and most of our service is carryout but we do have some students who prefer to dine in so we have limited seating for those, but our dining hall is 10,000 square feet so we can socially distance tables in a safe way.

Jason Quarles | Director of Dining Services, University of Montevallo
