The Funeral Service Education Program at Jefferson State Community College has as its central objective recognition of the importance of funeral service personnel as, Learning Outcomes:

- A. Explain the importance of funeral service professionals in developing relationships with the families and communities they serve
- B. Identify standards of ethical conduct in funeral service practice
- C. Interpret how federal, state, and local laws apply to funeral service in order to ensure compliance
- D. Apply principles of public health and safety in the handling and preparation of human remains
- E. Demonstrate technical skills in embalming and restorative art that are necessary for the preparation and handling of human remains
- F. Demonstrate skills required for conducting arrangement conferences, visitations, services, and ceremonies
- G. Describe the requirements and procedures for burial, cremation, and other accepted forms of final disposition of human remains
- H. Describe methods to address the grief-related needs of the bereaved
- I. Explain management skills associated with operating a funeral establishment
- J. Demonstrate verbal and written communication skills and research skills needed for funeral service practice

Jefferson State does not discriminate on the basis of race, color, national origin, sex, disability, or age in its admissions, programs and activities in compliance with Title VI and VII of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, Title IX of the Educational Amendments of 1972 and the Americans with Disabilities Act of 1990.

Funeral Service Education

“Show me the manner in which a nation or community cares for its dead and I will measure with mathematical exactness the tender sympathies of its people, their respect for the law of the land and their loyalty to high ideals.”

▪ W. Gladstone

www.jeffersonstate.edu/fse

“Jefferson State Community College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award the Associate in Arts, Associate in Science, and the Associate of Applied Science degrees. Contact the Southern Association of Colleges and Schools Commission on Colleges at 1886 Southern Lane, Decatur, Georgia 30033-4097 or call (404) 679-4500 for questions about the accreditation of Jefferson State Community College.”

This program is designed for students who are full-time employees of a funeral home. The Funeral Service Education Program is based upon the concept of cooperative education. It is designed for those who have a state board sanctioned apprenticeship and who are actively seeking to satisfy their particular state licensing requirements. Students must complete an apprenticeship specified by the state in which they expect to practice before they will be eligible for licensure. The Funeral Service Education Degree Program at Jefferson State Community College is accredited by the American Board of Funeral Service Education (ABFSE), 992 Mantua Pike, Suite 108, Woodbury Heights, New Jersey 08097 (816) 233-3747. Web: www.abfse.org The annual passage rate of first-time takers on the National Board Examination (NBE), graduation rates and employment rates for the most recent three-year period for this institution and all ABFSE accredited funeral service education programs is posted on the ABFSE web site (www.abfse.org).

The students are given a broad understanding of funeral home operation, funeral directing, public health and embalming along with a foundation in communication skills, social science and applied science. After completion of the Funeral Service Education Program, most states will require completion of the National Board Examination or other state board examination for licensure.

Funeral Service Education students must complete all requirements for the Associate in Applied Science Degree within four semesters of initial enrollment in the FSE Program. The director of the program may grant an extension of three semesters. Students requesting an extension must have a cumulative 2.0 GPA. If a student receives a "D" or "F" at any time during the three semester extension, the student will not be allowed to continue in the program. Students must apply for the extension during registration of their fifth consecutive semester. Students who do not complete the Distance Learning Option within four semesters may not enroll in distance learning courses. Students enrolled in distance learning courses may transfer to on campus courses at any time. Once a student elects to take on campus courses that student may not take distance learning courses except in the case of extreme hardship. Hardships must be submitted to the Program Coordinator in writing and must meet the approval of all faculty who teach FSE courses. Work schedules will not be considered as hardships. Students who do not complete requirements in the specified time must repeat all FSE and BIO requirements. Persons convicted of a felony offense should contact their state board of funeral service regarding eligibility for licensure.

The Funeral Service Certificate is designed for those interested only in Funeral Directing. The curriculum is based upon the curriculum used for funeral directing licensing exams in several states. The academic program is designed to meet specific state or professional needs. It is not accredited by the American Board of Funeral Service Education. Students completing this option are not eligible to take the National Board Examination and should consult their state board first regarding the certificate option. Students have one semester to declare the degree option.

Associate in Applied Science Degree

Required Major Courses: (52 hours) Credit Hours

FSE 101	Funeral Directing	3
FSE 110	Law & Ethics for Funeral Service	3
FSE 145	Basic Accounting Procedures for FS	3
