

Kinder Morgan is one of the largest energy infrastructure companies in North America and we are hiring! Our Birmingham Operation located at 2301 Shuttlesworth Drive, Birmingham, AL 35234 is one of Kinder Morgan's network of 144 terminals where we store and handle products for our customers. Our culture is centered around our values of integrity, accountability, safety and excellence. We are committed to cultivating a diverse and inclusive workplace and offer benefits that help our employees grow personally and professionally, beginning on your first day including medical, dental, vision, life insurance, tuition reimbursement, two retirement plans, paid holidays, and paid time off.

The EHS Technician will be responsible for the daily administration and implementation of the Environmental, Health and Safety (EHS) programs that ensure compliance with statutory requirements and promote safe and healthy working conditions. Performs assignments of moderate complexity following direction of the EHS Manager. Supports implementing established policies and procedures, prepares reports, provides site inspections, assists with safety programs, and supports training and orientation.

Essential duties and responsibilities:

Write, audit, and approve field permitting for hot work, permit required confined space entry, and LOTO activities.

Perform safety meetings/tailgate meetings.

Perform field audits of all personal protective equipment in use in field.

Perform atmospheric monitoring of all work areas and record results appropriately.

Provide daily oversight/inspection of numerous employees and contractors performing operation and construction activities.

Assist operations and contractors with health and safety questions/concerns.

Review site specific plans and assist with generating JSA's, Accident/Incident Reports, root cause analysis, and corrective action plans.

Responsible for conducting all work assignments in accordance to our Safety, Quality, and Environmental (SQE) culture and requirements.

Attend and participate in daily SQE meetings and activities.

Responsible for assuring safety audits are performed, results are evaluated and corrective action is implemented. Communicate corrective actions and report all findings to the EHS Manager, Operations Manager, and/or Supervisor.

Ensure all incidents/accidents are reported immediately to EHS Manager and according to company policy.

Perform root cause analysis and insure a corrective action is created and implemented. Participate in any investigation or analysis of site safety.

Take personal ownership and responsibility for protecting people from harm, and developing strategies that drive performance and support continuous improvement.

Perform all job duties in accordance with Federal, State, and Local Regulations.

Follow all Kinder Morgan Policies and Procedures.

Learn equipment operations and able to operate various pieces of equipment

All other duties as assigned.

The position is based in Birmingham, Alabama and will report to the Southeast Region, Western

Terminals EHS Manager.
