

Using Honorlock in ACCS Blackboard

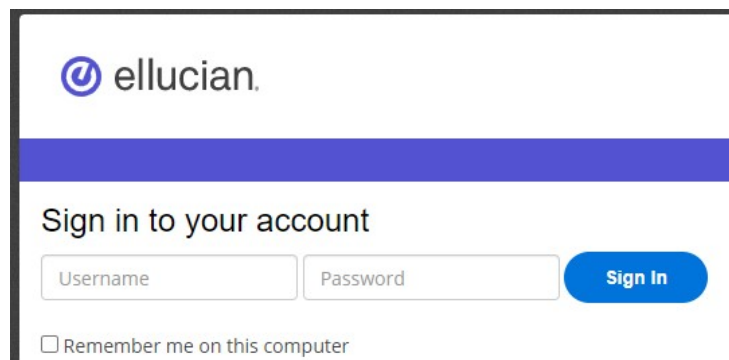

Step 1: <https://accs.blackboard.com> must be used to log in. This applies to students and instructors. Honorlock will not work if myJSCC is used to access Blackboard. It may be helpful to bookmark <https://accs.blackboard.com> so you can easily access the correct login page when you need to use Honorlock.

Step 2: Do not enter Username or Password on the login page.

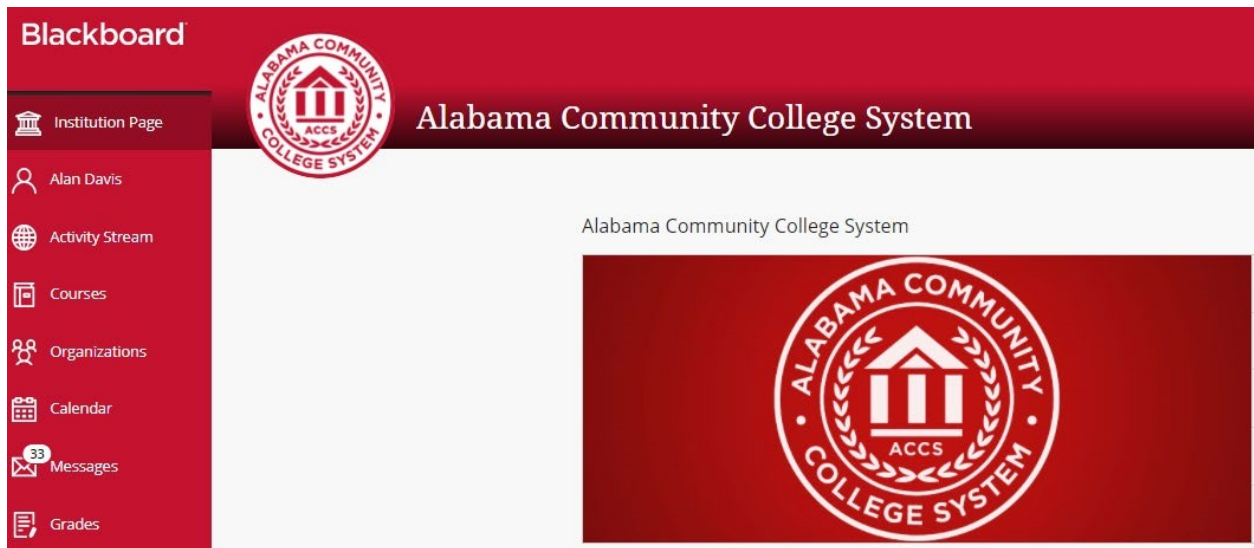

Select Sign in with third-party account, then select OneACCS SSO

Step 3: Enter JSCC Username and Password on the Ellucian page

Step 4: You should now see the Red Alabama Community College Blackboard main page. Select Courses then open the course where you will use Honorlock. **Warning: If page is purple then you did not log in correctly in step 1 and Honorlock will not work.**

The screenshot shows the Blackboard interface for the Alabama Community College System. At the top left, the word "Blackboard" is displayed in white on a red background. Below it is a navigation menu with icons and labels: "Institution Page", "Alan Davis", "Activity Stream", "Courses", "Organizations", "Calendar", "Messages" (with a notification badge of 33), and "Grades". To the right of the menu is the Alabama Community College System logo, a circular emblem with a building and the text "ALABAMA COMMUNITY COLLEGE SYSTEM" and "ACCS". The main header area contains the text "Alabama Community College System" in white. The main content area features a large red banner with the same circular logo in white.
