Jefferson State does not discriminate on the basis of race, color, national origin, sex, disability, or age in its admissions, programs and activities in compliance with Title VI and VII of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, Title IX of the Educational Amendments of 1972 and the Americans with Disabilities Act of 1990.

BUSINESS MANAGEMENT PROGAM

jeffersonstate.edu/bus

The Business Management Program offers options in Banking and Finance and Business Management. The Banking and Finance option helps the student develop skills appropriate for employment in the financial services industry. The Business Management curriculum enables an individual to acquire the necessary skills in order to find employment in the business area upon graduation.

Upon successful completion of the prescribed course of study, students are awarded an Associate in Applied Science Degree (AAS), and/or an Advanced Certificate and/or a Certificate. Check with your four-year institution for the transferability of courses in this program. These options are not designed to transfer to a four-year institution.

Since some of the courses are offered only once a year, it is recommended that students check with an advisor for course rotations and intersperse general courses with major courses to complete the program in a timely manner.

The program is accredited by the Southern Association of Colleges and Schools (SACS) and the Accreditation Council for Business Schools and Program (ACBSP).
