

The background of the entire image is a purple-tinted photograph of a manufacturing facility. On the left, a large industrial robotic arm is visible. On the right, two workers wearing hard hats and safety glasses are focused on a piece of electronic equipment. The overall scene conveys a sense of modern industry and technical education.

MANUFACTURING & TECHNOLOGY

Jefferson State
Community College

jeffersonstate.edu/met

THE PROGRAM:

Jefferson State's Manufacturing & Technology Program prepares students for employment in careers such as production technicians, industrial maintenance, automation, robotics, biomedical equipment technology, industrial and commercial electronics, welding, and computer aided drafting/design (CADD). Students get the hands-on training needed to excel in today's job market.
