## **THE PROGRAM:**

The Histologic Technician's role in the healthcare profession is to assist the pathologist in the diagnosis of disease by preparing microscopic slides of tissues from surgery and autopsy. Jefferson State's Histologic Technician (HST) Program prepares students for entry into the field of laboratory medicine in five semesters at affordable tuition rates. The HST Program consists of basic academic courses, HST courses taught online, on campus labs, and clinical experiences in one of several hospitals and reference laboratories in the greater Birmingham area.
