

General Information About Pioneer Pack

- All dual enrollment students are automatically enrolled in Pioneer Pack at the beginning of EACH SEMESTER.
- Students who wish to opt out of Pioneer Pack will have the opportunity to do so prior to the first day of classes EACH SEMESTER. (Students cannot opt out per class.)
- The last day students can opt out of Pioneer Pack is the last day of drop/add for the full-term. That date for the Fall 2023 semester is August 24th. (Students who register for short session classes after August 24th will NOT be eligible to opt out of Pioneer Pack.)
- The Pioneer Pack fee is \$24 per credit hour. This fee will be added to fall tuition. If a student chooses to opt out of Pioneer Pack, the fee will be removed from their account.
- Pioneer Pack participants can pick up their materials at the campus they select, or they can pay an additional fee and have materials mailed to them.

Pioneer Pack and Dual Enrollment Scholarships

- The 50% off general education classes scholarship does NOT cover the Pioneer Pack fee. Students will be responsible for the entire book fee if they remain in the Pioneer Pack program.
- Students who are on the CTE or STEM Scholarship will have textbooks covered under Pioneer Pack. The CTE and STEM Scholarships will pay the Pioneer Pack fee for the classes covered under those scholarships ONLY. The student is responsible for paying the fee for any classes taken that do not fall under that scholarship. (For example, a student enrolled in MTH 112, CIS 150, and HIS 201 will have a total Pioneer Pack fee of \$216 (\$72 for each class). The scholarship will cover the Pioneer Pack fees for MTH 112 and CIS 150, a total of \$144. The student will be responsible for the \$72 Pioneer Pack fee for HIS 201.) Students on the CTE or STEM Scholarship who choose to opt out of Pioneer Pack will be responsible for purchasing their textbooks and/or access codes for classes covered under these scholarships.
