NOW HIRING

Line Cooks | Prep Cooks | Sous Chef

Marc Bynum Concepts
A Celebrity Chef–Driven Hospitality Group
Birmingham, Alabama
Bygones & Parkside on 5th

Marc Bynum Concepts is seeking motivated, detail-oriented culinary professionals to join our growing Birmingham team. We are currently staffing for two unique restaurant concepts operating out of food trucks, located at two of Birmingham's most dynamic cocktail bars.

This is a very unique work environment—combining the intensity and efficiency of food-truck cooking with fine-dining standards, strong systems and controls, and chef-driven execution.

Fine-Casual Burger Concept
Elevated burgers, precision builds, disciplined prep, and consistent execution.

Bistro-Style Menu Concept
Technique-driven dishes rooted in classic foundations with modern presentation.

Both concepts require focus, organization, and attention to detail, all while executing at a high level in a compact, fast-paced food-truck setting.

Who We're Looking For
• Culinary students or graduates eager to learn real kitchen systems
• Line and prep cooks who understand that prep, organization, and process matter
• Sous chefs ready to lead through standards, communication, and execution
• Cooks who thrive in tight spaces with high expectations
• Team players who want exposure to chef-level hospitality outside a traditional kitchen

What You'll Gain
• Hands-on experience operating out of food trucks at a professional level
• Training rooted in systems, controls, and efficient execution
• Exposure to fine-dining technique in a fine-casual environment
• Mentorship from a celebrity chef–driven hospitality group
• Growth opportunities within an expanding brand

If you're serious about cooking, hungry to learn, and want to understand how strong systems create consistency—no matter the space, we want to hear from you.

Join Marc Bynum Concepts and be part of a team where the food speaks—and the process backs it up.
