THE PROGRAM:

The Physical Therapist Assistant (PTA) Program is a two-year course of study leading to an Associate in Applied Science degree. The PTA is a technically educated healthcare provider who works under the supervision of a physical therapist. The PTA performs duties and carries out treatment plans as directed by the physical therapist. Duties of the PTA include, but are not limited, to the application of physical modalities, exercise programs, gait training, functional activities, patient education, and more.
