Type- Job Title, job description, & employee qualifications.

NOW HIRING: HOST/HOSTESS – SERVER

Hospitality With Purpose — Without the Late Nights

Are you friendly, organized, dependable, and someone who enjoys making people feel welcome?

Join our senior living dining team as a Host/Hostess – Server and help create a warm, enjoyable dining experience from the moment residents and guests arrive until the end of their meal.

This position combines the personal connection of a Host/Hostess with the attentive service of a Server. You'll welcome residents, help organize the dining room, assist with seating, support meal service, and help ensure every guest feels recognized, comfortable, and cared for.

What You'll Do

Warmly greet residents, families, and guests as they arrive

Help manage dining-room seating and guest flow

Learn residents' names, preferences, routines, and seating needs

Help ensure tables are ready before residents are seated

Communicate special requests and resident needs to the dining and culinary teams

Provide prompt, friendly, and courteous table service

Take meal orders and serve food and beverages

Maintain proper table settings

Clear, clean, and reset tables between meal periods

Assist residents and guests with menu questions

Use the Point of Sale system accurately

Assist with special events and functions

Help maintain a clean, organized, and welcoming dining room

Follow food-safety, sanitation, and service standards

Step in where needed to support the dining team

The Server job description specifically includes courteous service, table setup, clearing and resetting tables, special functions, positive resident relations, safe food handling, and accurate POS use.

The Host/Hostess Side of the Role

The Host/Hostess helps set the tone for the entire dining experience.

We're looking for someone who notices when a resident arrives, welcomes them by name, helps them find the right table, communicates special needs to the team, and keeps the dining room organized and flowing smoothly.

A great Host/Hostess doesn't simply point someone toward a table — they create a welcoming first impression and help make the dining room feel like a place residents look forward to visiting.

Who We're Looking For

Someone who is:

Warm • Friendly • Organized • Patient • Dependable • Positive • Professional • Service-Minded • Team-Oriented

The Server job description calls for someone who can work with older adults in a courteous and friendly manner while demonstrating patience and compassion. Applicants must be at least 16 years old; related experience and a Food Handler certificate are preferred.

A Different Kind of Hospitality

Senior living gives you the opportunity to serve many of the same residents every day.

You'll have the chance to:

Know their names.

Remember where they like to sit.

Learn how they take their coffee.

Recognize when they need a little extra help.

And become an important part of their day.

Hospitality — With a More Balanced Schedule

Enjoy hospitality without the routine late-night hours common in many restaurants.

Our dining team serves breakfast, lunch, dinner, and special events, giving you the opportunity to build real relationships while developing valuable hospitality experience.

JOIN OUR DINING TEAM

Great Food • Great People • Meaningful Work

More than serving a meal — creating a place where people feel welcome.
